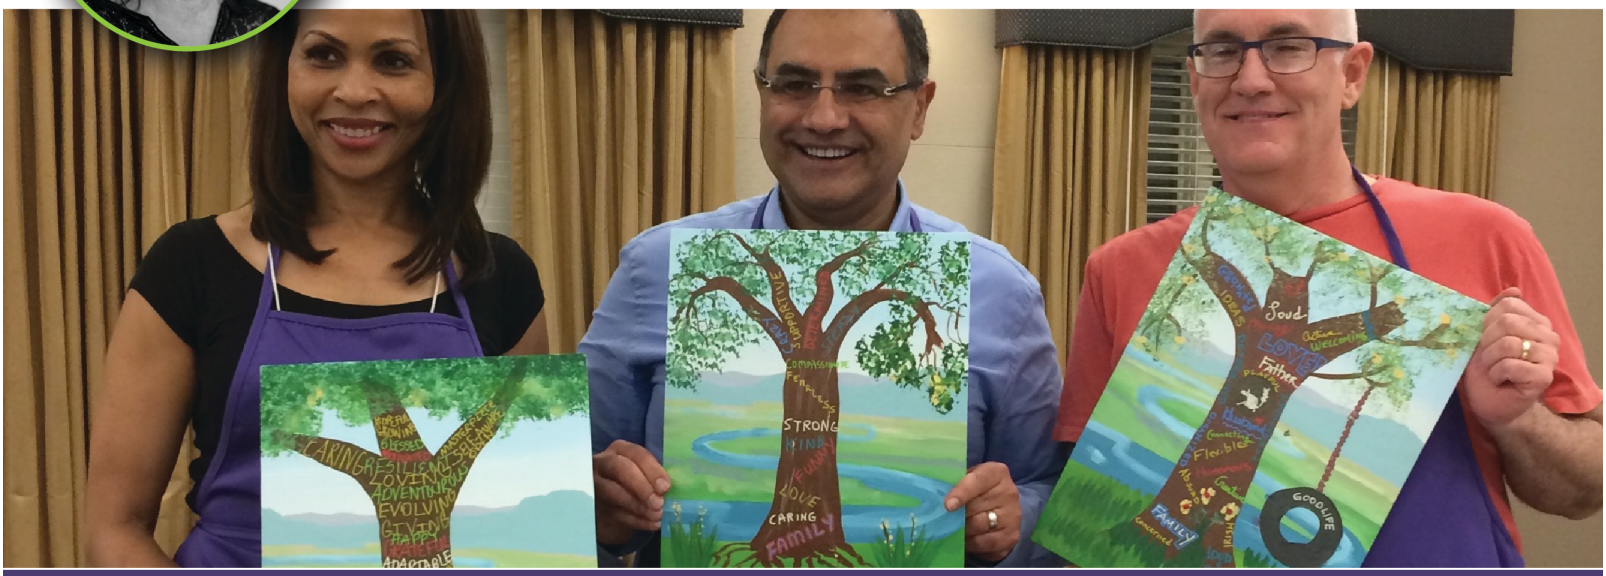
Shannon Willow Art™

Your business has roots and branches.
Express those values in a collaborative art experience.



Shannon Willow Art Team Building Experience

Your business has roots and branches. The tree is the metaphor for this interactive art team building experience. Through the creation of a visual word tree, each participant identifies their unique strengths and their contribution to the company's overall success. In this dynamic step-by-step process, each team member completes a personalized landscape painting.

Word Tree Objectives:

- Understand the importance of team work, personal excellence and critical thinking
- Deepen emotional intelligence and become more mindful about personal energy
- Apply the skills of collaboration, problem solving and planning
- Tap into courage for authentic creative expression
- Have fun creating a personalized piece of art

The trunk of each tree consists of a mosaic of personal affirmations written by the individual, along with words that reflect the mission and values of your company. Commonly used words are: *strength, compassion, motivation, leadership, respect, collaboration, perseverance, communication, stewardship, inclusion, diversity and life-long learning*. The tree design is placed within a landscape that includes the visual elements of moving water, mountains and a lush field.

In this 2-hour workshop, Shannon weaves in conversations about the interconnectedness and the strengths of each individual who makes up the overall strength and success of the company. This collaborative process creates a vivid reminder of your company's core values and what is possible when we work together as a community.

About Shannon Willow:

Shannon Willow is an award winning artist who is deeply passionate about the environment. She dedicates her time and energy to raising awareness through art about the Earth, sustainability and interconnectedness. A trained painter, Shannon is inspired to use art as a tool for change and growth. She facilitates team building experiences for corporate and non-profit companies to expand their sense of community.

Shannon is excited to be part of the Color ATL fine art coloring book and Moreland Murals Project, both community engaged art projects. Shannon's expertise creates customized art experiences for diverse groups, with intention, authenticity and integrity.
